

Pigeon Peas/Tuvar (White & Red)

The pigeon pea is known by numerous names such as "tropical green pea", gungo pea in Jamaica, "gandul" in Puerto Rico, 'tuvar', 'toor' or 'arhar' in India, 'red gram', and gandule bean.

Pigeon peas are both a food crop (dried peas, flour, or green vegetable peas) and a forage/cover crop. In combination with cereals, pigeon peas make a well-balanced human food. The dried peas may be sprouted briefly, then cooked, for a flavor different from the green or dried peas.
